**Subject:** Joel Miller Using County Equipment for Campaign Purposes

Dear Megan Tooker,

I believe Joel Miller is using county office equipment for campaign purposes. He scanned in his military discharge paperwork using what appears to be a county asset - a SAVIN MP C4503 multipurpose copier/printer/scanner - then uploaded the resulting PDF to his blog.

I've attached 2 screen shots:

- 1) His blog page, which clearly states "I challenged my opponent to disclose his military service records and he has posted them. You can view mine on the link below. Paid for by Miller for Auditor"
- 2) The PDF properties page, which shows the date & time and machine which scanned and produced the PDF.

I have also attached the file he has posted on his blog. When you open it in a pdf reader, you can view the properties of the PDF.

I have confirmed with the county that his department does indeed have that piece of equipment.

Please consider this a formal complaint.

Thanks,

~Joe

I am proud of my service to our country; however, I would never rely upon it and it alone as a qualification for elected office.
